

Hi, my name is Alice. I want to tell you my and my family members' favourite TV programmes.

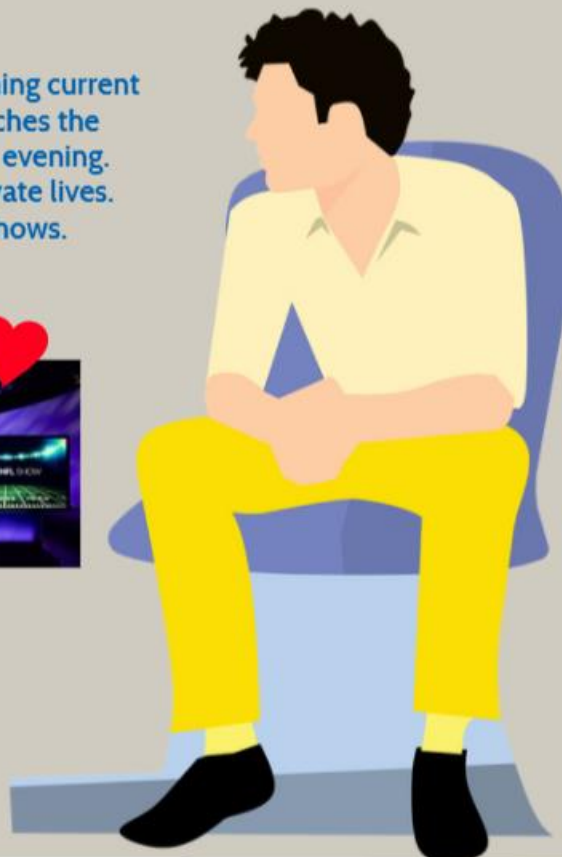

First of all, I love sitcoms. Because they make me laugh. I think, they are amusing. Also, I prefer documentaries to reality shows. Because documentaries are informative.

This is my mum, Mary. She is interested in cookery programmes. Also, she likes soap operas. She finds them emotional. My mum watches Tv less than 2 hours a day. She prefers reading books.

This is my dad, Bob. He likes learning current events all around the world. He watches the news and sports programmes every evening. He isn't interested in celebrities' private lives. So he doesn't prefer watching talk shows.

This is my brother, Peter. He is a real couch potato. He watches TV almost 6 hours a day. He likes all kinds of TV programmes.

He always eats junk food and never does physical exercise. My parents sometimes get angry with him.

Finally, this is my little sister, Lisa. She is only five years old. She loves cartoons. She doesn't like TV series. She thinks they are boring. Her favourite cartoon character is 'Elsa'.
