Hello, my name is Emily. I'm 13 years old. I have got long straight ginger hair and green eyes. I'm tall and of medium weight. My friends say that I'm a beautiful girl.

I always get high grades because I'm a hardworking student. I usually help old people. I'm kind and helpful.

My family and I moved to another city three months ago. I met some people here. They are Eva, Tom, David, Aunt Mary and Uncle Jack.

This is Eva. She is my best friend. She is 13, too. I think, she is an attractive girl with long dark wavy hair and hazel eyes. She is of medium height and slim.

She is very friendly so she can make friends easily. She is more punctual than me. She is never late for school.

4

Tom is 15 years old. He is older than us. He has got spiky blonde hair and blue eyes.

He is well-built and tall. He is stronger than other children.

He only thinks of himself. He is a selfish boy.

5

David is 12 years old. He is younger than me. He has got brown hair and brown eyes. He is tall and a bit plump. He is a smart boy. He can learn new things easily.

6

These are our neighbours, Uncle Jack and Aunt Mary. They are married.

7

Aunt Mary is 67. She is short and thin. She has got short grey hair. She wears glasses.

She often forgets her glasses somewhere. She is forgetful. She is lovely but a bit stubborn. She never changes her mind.

8

Uncle Jack is taller than Aunt Mary. He has got grey hair and a moustache.

He is more cheerful than his wife. He usually tells funny jokes. He is also very generous. He often buys chocolate for us.

9

I love my neighbours and friends here.
